Convert collection

by **SMPDO**

Convert is a modular seating system providing various combinations of arranging compositions in space. Its structure is flexible and can be modified over time. By changing positions of the seating modules, fixed backrests or the ones with a mechanism and a platform for storage, a variety of different possibilities applicable to both residential and public spaces. Due to its discreet design, through the disposition of structural elements, selection of materials and several types of cushions, the system changes its character and function depending on the user's preference.

Convert
