**Revolve** is a multifunctional sofa that merges seating and sleeping in an innovative way. Its design stands out in any interior, giving it a special character. By a simple rotation of 180 degrees, it can be transformed from a sofa into a bed. Revolve is a perfect bed for two thanks to the padding that is the same the one used for self-standing mattresses. Its dynamic form and dual function make it suitable for decorating a home, office or a holiday home.
