Strain collection

by **SMPDO**

The **Strain** outdoor tables and low tables share the same formal origin with the Strain indoor collection. Interweaving steel tubes make an elegant base to a thin looking table top made either with Fenix NTM finishing, in MDF with lacquered edges or HPL compact for outdoor use. The tables are available in various sizes and can fit different types of chairs.

SPECIFICATIONS AND TECHNICAL DRAWING

| | |
|-----------|---|
| TABLE TOP | outdoor HPL |
| BASE | metal tube $\varnothing 22$ mm / $\varnothing 25$ mm + powder coating |
