* Heights of the pouf are also the seating heights of the other modules.

* Die Höhe des Poufs entspricht auch den Sitzhöhen der anderen Module.

* Les hauteurs du pouf sont également les hauteurs d'assise des autres modules.

* Visine taburea su ujedno i visine sjedenja ostalih modula.

EN | PLATE POSITIONS ON THE MODULES

Mount the tiles with M4×25 screws on the diagonal where the nuts are located (the other diagonal of the module is empty). The tiles are different, the arrangement of the holes must match the arrangement of the holes in crocodiles (therefore, there are "male" and "female" tiles).

DE | KACHELPOSITIONEN AUF DEN MODULN

Befestigen Sie die Fliesen mit Schrauben M4×25 an der Diagonale, an der sich die Muttern befinden (die zweite Diagonale des Moduls ist leer). Die Plättchen sind unterschiedlich, die Anordnung der Löcher muss mit der Anordnung der Löcher bei Krokodilen übereinstimmen (daher gibt es „männliche“ und „weibliche“ Plättchen).

FR | POSITIONS DES TUILES SUR LES MODULES

Montez les dalles avec des vis M4×25 sur la diagonale où se trouvent les écrous (la deuxième diagonale du module est vide). Les tuiles sont différentes, la disposition des trous doit correspondre à la disposition des trous chez les crocodiles (il existe donc des tuiles "mâles" et "femelles").

HR | POZICIJE PLOČICA NA MODULIMA

Pločice montirati vijcima M4×25 po dijagonali na kojoj se nalaze matice (druga dijagonala modula je prazna). Pločice su različite, mora odgovarati razmještaj rupa sa razmještajem rupa kod krokodilki (dakle, postoji "muška" i "ženska" pločica)

Z

M

* Follow the illustrations for proper assembly of the connectors on the modules!

* Beachten Sie die Abbildungen zur korrekten Montage der Steckverbinder an den Modulen!

* Suivez les illustrations pour le bon montage des connecteurs sur les modules!

* Za pravilnu montažu spojnica na module pratiti ilustracije!

EN | SETTING THE PLATE ON THE MODULE

Mount the tiles with M4×25 screws on the diagonal where the nuts are located (the other diagonal of the module is empty). The tiles are different, the arrangement of the holes must match the arrangement of the holes in crocodiles (therefore, there are "male" and "female" tiles).

DE | LEGEN SIE DIE KACHEL AUF DIE MODULE

Befestigen Sie die Fliesen mit Schrauben M4×25 an der Diagonale, an der sich die Muttern befinden (die zweite Diagonale des Moduls ist leer). Die Plättchen sind unterschiedlich, die Anordnung der Löcher muss mit der Anordnung der Löcher bei Krokodilen übereinstimmen (daher gibt es „männliche“ und „weibliche“ Plättchen).

FR | POSER LA TUILE SUR LES MODULES

Montez les dalles avec des vis M4×25 sur la diagonale où se trouvent les écrous (la deuxième diagonale du module est vide). Les tuiles sont différentes, la disposition des trous doit correspondre à la disposition des trous chez les crocodiles (il existe donc des tuiles "mâles" et "femelles").

HR | POSTAVLJANJE PLOČICE NA MODULE

Pločice montirati vijcima M4×25 po dijagonali na kojoj se nalaze matice (druga dijagonala modula je prazna). Pločice su različite, mora odgovarati razmještaj rupa sa razmještajem rupa kod krokodilki (dakle, postoji "muška" i "ženska" pločica).

EN | CONNECTED MODULES

Connected modules according to the previous view of the modules from below.

DE | ANGESCHLOSSENE MODULE

Anzeige der angeschlossenen Module entsprechend der vorherigen Modulansicht von unten

FR | MODULES CONNECTÉS

Affichage des modules connectés selon la vue du module précédent par le bas

HR | SPOJENI MODULI

Prikaz spojenih modula prema prethodnom prikazu modula odozdo.

EN | MOUNTING THE PLATFORM

While the modules are still on their backs, place the connectors in such a way that the shorter bent edges of the connectors fit into the slots of the platforms. (detail B)

in the case of larger compositions, arrange them in lines in the previously described manner, and connect the edge modules on the lines in such a way that the connectors are placed on the floor, then the module is lifted and lowered onto the connectors, making sure that the bent edges fit into the grooves of the platform.

DE | MONTAGE DER PLATTFORM

Während die Module noch auf der Rückseite liegen, platzieren Sie die Steckverbinder so, dass die kürzeren gebogenen Kanten der Steckverbinder in die Schlitzte der Plattformen passen. (detail B)

Bei größeren Zusammenstellungen diese in der zuvor beschriebenen Weise in Reihen anordnen und die Randmodule an den Reihen so verbinden, dass die Verbinder auf dem Boden liegen, dann wird das Modul angehoben und auf die Verbinder abgesenkt. Achten Sie darauf, dass die gebogenen Kanten in die Rillen der Plattform passen.

FR | MONTAGE DE LA PLATEFORME

Placez les connecteurs de telle manière que les bords pliés les plus courts des connecteurs s'insèrent dans les fentes des plates-formes. (détail B)

dans le cas de compositions plus grandes, les disposer en lignes de la manière décrite précédemment, et relier les modules de bord sur les lignes de manière à ce que les connecteurs soient posés au sol, puis le module est levé et abaissé sur les connecteurs, en vous assurant que les bords pliés s'insèrent dans les rainures de la plate-forme.

HR | MONTIRANJE PLATFORME

Dok su moduli još na leđima, stavite spojnice na način da kraći savijeni rubovi a spojnicama uđu u utore platformi. (detalj B)

u slučaju većih kompozicija, složiti u linije na prethodno opisan način, a rubne module na linijama spojiti na način da se spojnice stave na pod, zatim se podigne modul i spusti na spojnice. paziti pritom da savijeni rubovi uđu u utore platforme.
